

# Naysah Sheikh

## Hello, I'm Naysah!

My first Python class in 11th and I knew I was in love. Art and puzzles have been a part of my life for as long as I can remember. The thrill of solving the problem each problem statement presented, and combining my love of art to create beautiful websites and applications naturally have become the best career option I could hope for. I endeavour to become a Full-Stack Developer, and presently I am working on MERN Stack.

## CONTACT

☎ +91 7200291501

✉ naysahsheikh05@gmail.com

📍 Delhi, India  
(Presently studying in  
Chennai, TN)

## SKILLS
